The Big Garden Birdwatching we joined in with in January saw 9.4 million birds counted by 650,000+ people. The 5 most counted birds were:

1 House Sparrow, 2 Blue Tit, 3 Starling, 4 Woodpigeon, 5 Blackbird. House Sparrows are one of the UK's most widespread birds. While they are often the most spotted garden birds in the Big Garden Birdwatch, their breeding numbers have declined drastically over the last 50 years. In 2002, House Sparrows were added to the UK Red List of birds of high conservation concern. Although there have been increases in some areas over the last decade, House Sparrows remain on the Red List. One way to help garden birds is by encouraging insects. Why not let a patch of your garden grow wild this spring and summer? You'll get a rest, and you'll reap the rewards come next Big Garden Birdwatch.

Dear God, as I step into this new week, I seek your guidance and motivation. Please fill my heart with enthusiasm and purpose, enabling me to tackle my tasks with joy. Help me to see every challenge as an opportunity for growth and learning. May I feel Your presence in my endeavours and trust that You are with me every step of the way. I pray for clarity in my thoughts and actions, guiding me to make decisions that align with Your will. Thank You for the strength You provide, and may I reflect Your love in all that I do. Amen.
